Disaster Response: Reported impact from disaster-response deployments and emergency resource distribution.

Bus Outreach: Reported impact from mobile outreach activity.

Community Outreach: Reported impact from broader community outreach efforts.

Lockbox: Reported emergency assistance attributed to the Lockbox program.

Hope 4 Good: Reported impact attributed to Hope 4 Good.

How to Read This Report

This report is built from the 2025 program totals supplied by 4 Good Community. The annual total is the sum of the 11 program and impact-area figures shown in this report.

What 'impact' means

A reported program or community impact recorded within a 2025 program total.

What this report does not claim

The 786,208 total should not automatically be interpreted as 786,208 unique individuals unless a separate deduplication methodology supports that claim.

Recommended public wording

"786,208 reported program and community impacts in 2025."

Website-ready impact statement

In 2025, 4 Good Community reported 786,208 program and community impacts across youth programs, school outreach, partner distribution, disaster response, mobile outreach, resource centers, reading programs and family support.

This wording keeps the public-facing number aligned to the 2025 totals while clearly describing the measure as reported impact.

786,208
